

YOUR TOTAL FACILITY SOLUTIONS PROVIDER

31 years of delivery
since 1995

**Engineering the facilities
advanced industry runs on.**

EPC

Process Critical Utilities & Total Tool Installation Solutions

Energy Management

For cleanroom critical industries: semiconductor, data centre, EV battery,
pharmaceutical and energy.

ISO 9001 · ISO 14001 · ISO 45001 · CIDB G7

PRESENTATION SLIDE · EDITION 2026

Contents

Three parts. Every section is numbered, named and opens with a one-line summary.

01 The Company

Who we are, how we are built, and what we deliver.

- 01.1 About IAQ
- 01.2 IAQ at a Glance
- 01.3 Milestones
- 01.4 Global Footprint
- 01.5 Core Values
- 01.6 Business Units
- 01.7 Delivery Models
- 01.8 Scope of Services
- 01.9 Industry Focus

02 Project References

The work itself, grouped by industry and region.

- 02.1 Portfolio Overview
- 02.2 Semiconductor · Malaysia
- 02.3 Semiconductor · Singapore
- 02.4 Data Centre
- 02.5 EV Battery · Europe
- 02.6 Semiconductor · Europe & Morocco
- 02.7 Semiconductor & Display · China
- 02.8 Photovoltaics
- 02.9 Pharmaceutical & Medical
- 02.10 District Cooling & Energy
- 02.11 Reference Index

03 Safety, Quality & ESG

The standards every project is held to.

- 03.1 ESG Commitments
- 03.2 Certifications & Awards
- 03.3 Safety & Recognition
- 03.4 Closing
- 03.5 Contacts

PART 01 OF 03

01

The Company

SECTIONS 01.1 TO 01.9

Established 1995 · 31 years in total facility solutions

450 people across 7 global offices

ISO 9001 · ISO 14001 · ISO 45001 certified

About IAQ

Who we are and what we build. The delivery models are in 01.7.

Established 1995. A trailblazer in total facility solutions.

Engineering, procurement, construction and maintenance for the industries where contamination, uptime and safety decide the outcome, from semiconductor wafer fabs to gigafactories, data centres and pharmaceutical plants.

REGISTERED NAME **IAQ Technology International Sdn Bhd**
REGISTRATION NO. **200001031412 (534019-T)**

Vision

To be a regional facility solutions provider with engineering excellence that facilitates technological innovation and advancement in quality of life.

Mission

Providing innovative, sustainable facility and engineering solutions benefitting our clients and stakeholders, driven by our leadership, employees and partners globally.

IAQ at a Glance

The company in six numbers, and the certifications that stand behind them.

31
YEARS EXPERIENCE

450
EMPLOYEES

200+
PROJECTS COMPLETED

1.5 mil m²
CLEANROOM BUILT-UP AREA

7
GLOBAL OFFICES

20 t / yr
CARBON FOOTPRINT REDUCED

CERTIFICATION & RECOGNITION

INTERTEK **ISO 45001:2018**

CIDB **GRADE G7**

PKK **GRADE G7**

HIGHWIRE SAFETY **GOLD AWARD**

MCIEA 2024 **BUILDER OF THE YEAR**

Milestones

IAQ's own timeline, 1995 to 2026: the offices opened along the way, and the projects that marked each year.

OFFICES OPENED

● EPCC PROJECTS ● ENERGY PROJECTS ● TOOL UTILITY PROJECTS

Global Footprint

Seven markets, from the Malaysian headquarters outward.

1995

Malaysia

Turnkey design, procurement, construction and commissioning for hi-tech clients. Selangor (HQ), Penang, Johor and Kuching.

2020

Sweden

Gigafactory construction for EV battery manufacture, part of Europe's clean and digital transition.

2023

Singapore

Design & build EPCM services to global clients in the semiconductor industry.

2025

Germany

EPC services following the semiconductor industry expansion in Europe.

2026

India

D&B turnkey delivery for India's first wafer fab.

2026

United States

Entry to the US following the localisation of advanced technology facilities.

—

Ireland

Newest market. Scope and year to be confirmed by IAQ.

Core Values

Six commitments that govern how every project is run. Not words, but working rules.

01

Safety First

Our services and works are carried out to the highest standard of safety and ethics.

02

Quality Consistency

We take pride in the quality of solutions delivered, to achieve maximum client satisfaction.

03

Honesty and Integrity

Our core code of conduct, fostering trust, accountability, professionalism and ethical practice.

04

Efficiency & Proficiency

Committed to maximising available resources to achieve the best result collectively.

05

Engineering Capabilities

Our way of working revolves around engineering principles, developing precise and sustainable solutions.

06

Pursuit of Excellence

Devoted to excellence in all our works, providing sustainable solutions to complex challenges.

Business Units

Three delivery capabilities under one group, covering the full chain.

01

IAQ SOLUTIONS SDN BHD

Engineering, Procurement and Construction (EPC)

EPC from conception to operation, completion and maintenance. Every stage managed, from initial design through commissioning, so clients in hi-tech industries can bring their visions to life.

02

IAQ UTILITY SOLUTIONS SDN BHD

Process Critical Utilities & Total Tool Installation Solutions

EPCM partner for semiconductor manufacturing: process-critical utility infrastructure and total tool installation, bridging facility readiness and manufacturing start-up to accelerate fab ramp-up.

03

IAQ ENERGY FACILITY MANAGEMENT SDN BHD

Energy Management

Energy management solutions that optimise operations and reduce carbon footprint, keeping facilities running at the highest levels of efficiency and sustainability.

Delivery Models

The three models IAQ contracts under, across the full life of a facility.

EPCM

Engineering, Procurement & Construction Management

Management of engineering, procurement and construction for semiconductor manufacturing, bridging facility readiness and manufacturing start-up to accelerate fab ramp-up.

ENGINEERING

PROCUREMENT

CONSTRUCTION

COMMISSIONING

OPERATION

SilTerra expansion · Soitec PR1A expansion · Infineon IFKM3 expansion · Micron MSH

EPCC

Engineering, Procurement, Construction & Commissioning

Full turnkey delivery from conception to operation, completion and maintenance, with every stage managed from initial design through commissioning.

ENGINEERING

PROCUREMENT

CONSTRUCTION

COMMISSIONING

OPERATION

ST Microelectronics · SilTerra FAB · ESCM Germany · KLCC DCS chiller upgrading

EFM

Energy Facility Management

Ongoing energy and facility management that optimises operations and reduces carbon footprint, keeping facilities at the highest levels of efficiency.

ENGINEERING

PROCUREMENT

CONSTRUCTION

COMMISSIONING

OPERATION

KLCC DCC Plant · GDC Putrajaya chiller upgrading · Pagoh Edu Hub DCS

Scope of Services

Eight packages, self-performed and integrated under one contract.

Civil, Structural & Architectural

Greenfield and brownfield CSA

01

Air Conditioning System

ACMV, make-up air, recirculation

02

HT & LV Electrical System

Up to 33kV substations

03

Fire Protection System

Detection, suppression, compliance

04

Cleanroom System

ISO 3 to ISO 8 · Class 1 to Class 100K

05

Process Utilities

CDA, PCW · Process Exhaust · Chemical / Gas Delivery · Ultra Pure Water (UPW) · Waste Water Treatment

06

Facility Monitoring & Control System

FMCS, BMS, PA

07

Tools Hookup

Progressive tool install and hookup

08

Industry Focus

Seven sectors, one discipline: contamination control under code and class.

Semiconductor

Wafer fab, advanced packaging, test & assembly

Data Centre

Hyperscale cooling, security, uptime

EV Battery

Dry rooms, moisture control, explosion proofing

District Cooling & Heating

Urban energy plant and distribution

Photovoltaics

Cell and module lines, toxic material handling

Pharmaceuticals & Hospitals

GMP grades, regulated environments

Food & Beverage

Hygienic design, quality and safety standards

Your facility next

Total facility solutions, end to end.

PART 02 OF 03

02

Project References

SECTIONS 02.1 TO 02.11

200+ projects completed across three regions

Over 1.5 million m² of cleanroom built

ISO 3 to ISO 8 · Class 1 to Class 100K

Portfolio Overview

How the reference book breaks down by region, and which sections cover what.

02.2 TO 02.4 · 02.8 TO 02.10

Malaysia & Singapore

Semiconductor, data centre, pharmaceutical, photovoltaics, district cooling and energy.

02.5 TO 02.6

Europe & Morocco

EV battery gigafactories, wafer fabs and advanced semiconductor in Sweden, Norway, France, Poland and Morocco.

02.7

China

Semiconductor, display, pharmaceutical, automotive and R&D facilities.

200+

PROJECTS COMPLETED

1.5 mil m²

CLEANROOM BUILT

5

CONTRACT MODELS

GC · EPCC · EPCM · PCC · Tool Hookup

Semiconductor · Malaysia

Wafer fab, advanced packaging, test and assembly. Further Malaysian projects are listed in 02.11.

KULIM, KEDAH · GREENFIELD WAFER FAB

Infineon Kulim Wafer Fab 3

DESCRIPTION	General contractor for WP06, KLM3 Expansion, 35,000 m² cleanroom area
SCOPE	PCC for cleanroom and mechanical works
CLEANROOM	ISO 4 · 5 · 6 · 7 (CLASS 10 · 100 · 1K · 10K)

ADVANCED PACKAGING · 75,000 M²

P Project

DESCRIPTION	Progressive-built EPCM contract model for the client's advanced packaging facility
SCOPE	Design & build GC: CSA, MEP, process utilities, chemical & gases system, waste treatment
CLEANROOM	ISO 4 TO 7 (CLASS 10 TO 10K)

Semiconductor · Singapore

Design & build EPCM in Singapore since 2023.

PHOTOMASK FACILITY

Teksend Photomask

DESCRIPTION	Addition and alteration to an existing two-storey building with cleanroom facilities and ancillary office
SCOPE	EPCC for cleanroom, ACMV, electrical, process utility, BMS, PA, WWT, UPW, tool hookup
CLEANROOM	CLASS 1 TO CLASS 10K

PROGRESSIVE TOOL HOOKUP

Micron MSH Tool HU

DESCRIPTION	2,000 progressive tool hookup services for MSH
SCOPE	Progressive tool hook up
CLEANROOM	Not applicable

Data Centre

Hyperscale and colocation, 9.6 MW to 160 MW.

CLIENT CONFIDENTIAL · 160 MW

Hyperscale Data Centre

DESCRIPTION	Office, data halls and mechanical utility building
SCOPE	Construction, completion, testing & commissioning for mechanical packages 1 & 2
CLEANROOM	Not applicable

KUL03 PHASE 1 · 9.6 MW

Microsoft DTC-KUL 03

DESCRIPTION	9.6 MW data centre
SCOPE	PCC for CHW and CW piping works
CLEANROOM	Not applicable

EV Battery · Europe

Dry rooms for the gigafactories: moisture control and contamination control at scale.

SKELLEFTEÅ, SWEDEN · 62,000 M²

Northvolt AB Gigafactory

DESCRIPTION	Europe gigafactory for lithium-ion battery manufacture
SCOPE	Cleanroom and dry room architecture works
CLEANROOM	Not applicable

NORWAY · BATTERY COAST · 8,600 M²

Morrow Batteries

DESCRIPTION	Norway's Battery Coast project
SCOPE	Cleanroom and dry room architectural system, ACMV
CLEANROOM	Not applicable

Semiconductor · Europe & Morocco

Following the fabs into Europe: advanced-node cleanrooms and progressive hookup.

CLIENT CONFIDENTIAL · WAFER FAB

28/22nm CMOS · 16/12nm FinFET Plant

DESCRIPTION Design, supply, installation & commissioning of cleanroom facilities

SCOPE Cleanroom & mechanical general contractor

CLEANROOM CLASS 1 TO CLASS 10K

CASABLANCA, MOROCCO · 60,000 M²

STMicroelectronics

DESCRIPTION Built-up area up to 60,000 m²

SCOPE Cleanroom, mechanical, electrical, process utilities and hookup works

CLEANROOM ISO 5 (CLASS 100)

Semiconductor & Display · China

EPCC across semiconductor, display and precision manufacturing.

HANGZHOU · 23,400 M²

Ferrotec Semiconductor

DESCRIPTION	Built-up area up to 23,400 m ²
SCOPE	EPCC for cleanroom, mechanical, electrical and plumbing works and hookup
CLEANROOM	ISO 4 · 5 (CLASS 10 & 100)

WUXI · 8,000 M²

Infineon Technologies

DESCRIPTION	Built-up area up to 8,000 m ²
SCOPE	EPCC for cleanroom, mechanical, electrical and plumbing works and hookup
CLEANROOM	ISO 5 (CLASS 100)

Photovoltaics

Solar cell and module manufacturing, including toxic material and waste handling.

KULIM, MALAYSIA

First Solar Malaysia

DESCRIPTION	First Solar KMW building in Kulim
SCOPE	PCC for mechanical & electrical, KMW building; CSA and M&E for forming gas plant; M&E for SCO1
CLEANROOM	Not applicable

CHINA · 57,000 M²

Chint Solar Technology

DESCRIPTION	Built-up area up to 57,000 m ²
SCOPE	Cleanroom system, ACMV, process utilities and tools hookup
CLEANROOM	ISO 8 (CLASS 100K)

Pharmaceutical & Medical

GMP grades and regulated environments, from parenteral facilities to medical device plants.

GREENFIELD · MEDICAL DEVICE

Insulet

DESCRIPTION	Electronic medical device manufacturing plant, greenfield project
SCOPE	Design and build mechanical, cleanroom & electrical package
CLEANROOM	ISO 8 (CLASS 100K)

PUCHONG, SELANGOR

Pharmaniaga

DESCRIPTION	Small volume parenteral facility
SCOPE	Cleanroom system, air conditioning and mechanical ventilation
CLEANROOM	ISO 5 · 7 · 8 (CLASS 100 · 10K · 100K)

District Cooling & Energy

Plant, chillers and co-generation for urban and industrial energy.

GAS DISTRICT COOLING (M) SDN BHD

KLCC District Cooling Plant

DESCRIPTION	LARGEST DISTRICT COOLING CENTRE IN MALAYSIA
SCOPE	ACMV, electrical & instrumentation, fire protection, process utility, plumbing & sanitary, water treatment, CSA
CLEANROOM	Not applicable

PICC PLANT, PUTRAJAYA

GDC Putrajaya

DESCRIPTION	For the Putrajaya International Convention Centre (PICC) plant
SCOPE	EPCC of plant electrification, chiller replacement and associated works at Gas District Cooling Putrajaya
CLEANROOM	Not applicable

Reference Index

Every project named in IAQ's reference list, by region. Ninety-one in total.

03

Safety, Quality & ESG

SECTIONS 03.1 TO 03.5

- Highwire Gold safety award
- ISO 45001:2018 occupational health & safety
- 20 tons per annum carbon footprint reduction

ESG Commitments

Three pillars, applied to operations and to every project we take on.

E

Environmental Responsibility

Minimising environmental footprint through sustainable design and construction. Energy-efficient solutions and eco-friendly technologies, prioritised at design stage.

S

Social Accountability

The well-being and safety of employees and communities first. A diverse, inclusive work environment and ethical labour practices.

G

Corporate Governance

Transparency, accountability and ethical decision-making, with the highest standards of compliance, building trust with clients, partners and stakeholders.

Certifications & Awards

Independently certified, and recognised as Builder of the Year 2024.

MALAYSIAN CONSTRUCTION INDUSTRY
EXCELLENCE AWARDS

2024 Builder of the Year

Awarded by the Construction Industry Development Board (CIDB). Recipients are judged across company performance, project management, technical expertise, innovation, quality, safety and sustainability.

AWARDED TO

**IAQ Technology International
Sdn Bhd**

CERTIFICATE OF REGISTRATION

This is to certify that the management system of:

IAQ Solutions Sdn Bhd

Main Site: No. 9, Jalan Sungai Jeluh 32/192, Kawasan Perindustrian Kemuning, Seksyen 32, 40460 Shah Alam, Selangor Darul Ehsan, Malaysia

has been registered by Intertek as conforming to the requirements of:

ISO 9001:2015

The management system is applicable to:

Provision of total solutions and project management for engineering, procurement, construction and commissioning for all industries.

Safety & Recognition

How our standards are independently verified and recognised.

Judged on the things that actually matter.

MCIEA recipients are assessed by CIDB against seven criteria. They are the same ground our clients audit us on.

Company performance	01	Project management	02
Technical expertise	03	Innovation	04
Quality	05	Safety	06
Sustainability	07	RECOGNISED Builder of the Year 2024 Highwire Gold ISO 45001:2018	

Closing

Your Total Facility Solutions Provider.

We infuse safety, quality, efficiency and excellence into every project.

From engineering design and project management to construction and maintenance, across semiconductor manufacturing, clean energy and every environment in between. IAQ is your trusted partner for total facility solutions.

Contacts
