

Engineering the facilities advanced industry runs on.

EPCM, EPCC and Energy Facility Management for cleanroom-critical industries: semiconductor, data centre, EV battery, pharmaceutical and energy. Established 1994.

Contents

Three parts. Every section is numbered, named and opens with a one-line summary.

01 The Company

Who we are, how we are built, and what we deliver.

- 01.1 About IAQ
- 01.2 IAQ at a Glance
- 01.3 Milestones
- 01.4 Global Footprint
- 01.5 Core Values
- 01.6 Business Units
- 01.7 Scope of Services
- 01.8 Industry Focus

02 Project References

The work itself, grouped by industry and region.

- 02.1 Portfolio Overview
- 02.2 Semiconductor · Malaysia
- 02.3 Semiconductor · Singapore
- 02.4 Data Centre
- 02.5 EV Battery · Europe
- 02.6 Semiconductor · Europe & Morocco
- 02.7 Semiconductor & Display · China
- 02.8 Photovoltaics
- 02.9 Pharmaceutical & Medical
- 02.10 District Cooling & Energy
- 02.11 Reference Index

03 Safety, Quality & ESG

The standards every project is held to.

- 03.1 ESG Commitments
- 03.2 Safety & Recognition
- 03.3 Closing

PART 01 OF 03

01

The Company

SECTIONS 01.1 TO 01.8

Established 1994 · 32 years in total facility solutions

450 people across 6 global offices

ISO 9001 · ISO 14001 · ISO 45001 certified

About IAQ

Who we are, what we build, and the models we deliver under.

Established 1994. A trailblazer in total facility solutions.

Engineering, procurement, construction and maintenance for the industries where contamination, uptime and safety decide the outcome, from semiconductor wafer fabs to gigafactories, data centres and pharmaceutical plants.

Vision

To be a regional facility solutions provider with engineering excellence that facilitates technological innovation and advancement in quality of life.

Mission

Providing innovative, sustainable facility and engineering solutions benefitting our clients and stakeholders, driven by our leadership, employees and partners globally.

Delivery Models

EPCM · EPCC · ENERGY FACILITY MANAGEMENT

Engineering and construction management, full EPCC from design through commissioning, and ongoing energy and facility management.

IAQ at a Glance

The company in six numbers, and the certifications that stand behind them.

32
YEARS EXPERIENCE

450
EMPLOYEES

200+
PROJECTS COMPLETED

20 t / yr
CARBON FOOTPRINT REDUCED

CERTIFICATION & RECOGNITION

- INTERTEK ISO 9001:2015
- INTERTEK ISO 14001:2015
- INTERTEK ISO 45001:2018
- CIDB GRADE G7
- PKK GRADE G7
- HIGHWIRE SAFETY GOLD AWARD
- MCIEA 2024 BUILDER OF THE YEAR

Milestones

Landmark projects from 1994 to 2026, grouped into five eras of growth.

1994 to 2000

Foundation

1994
Established as cleanroom specialist

2000
First decade of cleanroom delivery in Malaysia

2006 to 2009

Regional Expansion

2006
(EPCC) ST Microelectronics, Class 10K cleanroom

2008
(PCC) Western Digital PJ, Class 10 cleanroom

2009
(GC / D&B) MEMC Ipoh, Class 1 cleanroom

2013 to 2017

Landmark Plants

2013
(GC) KLCC DCC Plant, largest DCC plant in Malaysia

2016
(PCC) MRT tunnel station M&E · (EPC) Infineon MKZ Class 1K · (EPCC) SilTerra FAB · (PCC) Rapid Siemens powerplant piping · (BOT) Pagoh Edu Hub DCS

2017
(GC) Ain Medicare

2020 to 2022

Global Scale

2020
(GC) Vital Healthcare

2021
(GC / PCC) Robert Bosch · (GC / PCC) P Project

2022
(PCC) Microsoft Data Center · (GC / D&B) SilTerra Expansion · (EPCM / D&B) Soitec PR1A Expansion · (GC / EPCM) Infineon IFKM3 Expansion

2023 to 2026

Advanced Technology

2023
(GC / D&B) XFAB 40K Expansion

2024
(GC / D&B) Progressive Build P Project

2025
(GC / D&B) Hasegawa · (PCC) 160MW hyperscale data centre · (EPCC) ESCM Germany · (EPCC) KLCC DCS chiller upgrading

2026
(D&B) Tata Dholera DF1 · (EPCM / HU) Micron MSH · (EPCC) GDC Putrajaya chiller upgrading

Global Footprint

Where we operate, and the year we arrived in each market.

1994

Malaysia

Turnkey design, procurement, construction and commissioning for hi-tech clients. Selangor (HQ), Penang, Johor and Kuching.

2020

Sweden

Gigafactory construction for EV battery manufacture, part of Europe's clean and digital transition.

2023

Singapore

Design & build EPCM services to global semiconductor clients.

2025

Germany

EPCC services following semiconductor expansion in Europe.

2026

India · United States

D&B turnkey for India's first wafer fab, and US entry following localisation of advanced tech facilities.

Offices across Asia Pacific and Europe follow our clients as advanced manufacturing localises. Additional offices operate in Norway, China, France and Poland.

Core Values

Six commitments that govern how every project is run. Not words, but working rules.

01

Safety First

Our services and works are carried out to the highest standard of safety and ethics.

02

Quality Consistency

We take pride in the quality of solutions delivered, to achieve maximum client satisfaction.

03

Honesty and Integrity

Our core code of conduct, fostering trust, accountability, professionalism and ethical practice.

04

Efficiency & Proficiency

Committed to maximising available resources to achieve the best result collectively.

05

Engineering Capabilities

Our way of working revolves around engineering principles, developing precise and sustainable solutions.

06

Pursuit of Excellence

Devoted to excellence in all our works, providing sustainable solutions to complex challenges.

Business Units

Three companies under one group, covering the full delivery chain.

01

IAQ Solutions Sdn Bhd

ENGINEERING, PROCUREMENT, CONSTRUCTION & COMMISSIONING

EPC from conception to operation, completion and maintenance. Every stage managed, from initial design through commissioning, so clients in hi-tech industries can bring their visions to life.

02

IAQ Utility Solutions Sdn Bhd

PROCESS CRITICAL UTILITIES & TOTAL TOOL INSTALL

EPCM partner for semiconductor manufacturing: process-critical utility infrastructure and total tool installation, bridging facility readiness and manufacturing start-up to accelerate fab ramp-up.

03

IAQ Energy Facility Management Sdn Bhd

ENERGY MANAGEMENT

Energy management solutions that optimise operations and reduce carbon footprint, keeping facilities running at the highest levels of efficiency and sustainability.

Scope of Services

Twelve packages, self-performed and integrated under one contract.

01

Cleanroom System

ISO 3 to ISO 8 · Class 1 to Class 100K

02

Air Conditioning System

ACMV, make-up air, recirculation

03

Process Utilities

CDA, PCW, PV

04

Process Exhaust System

Scrubbed, heat and general exhaust

05

Chemical & Gas Delivery

Specialty and bulk gases, chemical delivery

06

Ultra Pure Water

UPW generation and distribution

07

Waste Water Treatment

Industrial effluent and recovery

08

Fire Protection System

Detection, suppression, compliance

09

HT & LV Electrical System

Up to 33kV substations

10

Civil, Structural & Architectural

Greenfield and brownfield CSA

11

Facility Monitoring & Control

FMCS, BMS, PA

12

Tools Hookup

Progressive tool install and hookup

Industry Focus

Seven sectors, one discipline: contamination control under code and class.

01

Semiconductor

Wafer fab, advanced packaging, test & assembly

02

Data Centre

Hyperscale cooling, security, uptime

03

EV Battery

Dry rooms, moisture control, explosion proofing

04

District Cooling & Heating

Urban energy plant and distribution

05

Photovoltaics

Cell and module lines, toxic material handling

06

Pharmaceuticals & Hospitals

GMP grades, regulated environments

07

Food & Beverage

Hygienic design, quality and safety standards

PART 02 OF 03

02

Project References

SECTIONS 02.1 TO 02.11

200+ projects completed across three regions

Over 1.5 million m² of cleanroom built

ISO 3 to ISO 8 · Class 1 to Class 100K

Portfolio Overview

How the reference book breaks down by region, and which sections cover what.

02.2 TO 02.4 · 02.8 TO 02.10

Malaysia & Singapore

Semiconductor, data centre, pharmaceutical, photovoltaics, district cooling and energy.

200+

PROJECTS COMPLETED

02.5 TO 02.6

Europe & Morocco

EV battery gigafactories, wafer fabs and advanced semiconductor in Sweden, Norway, France, Poland and Morocco.

1.5 mil m²

CLEANROOM BUILT

02.7

China

Semiconductor, display, pharmaceutical, automotive and R&D facilities.

5

CONTRACT MODELS

GC · EPCC · EPCM · PCC · Tool Hookup

Semiconductor · Malaysia

Wafer fab, advanced packaging, test and assembly. Further Malaysian projects are listed in 02.11.

KULIM, KEDAH · GREENFIELD WAFER FAB

Infineon Kulim Wafer Fab 3

CLEANROOM	ISO 4 · 5 · 6 · 7 (CLASS 10 · 100 · 1K · 10K)
SCOPE	PCC for cleanroom and mechanical works
DESCRIPTION	General contractor for WP06, KLM3 Expansion, 35,000 m² cleanroom area

ADVANCED PACKAGING · 75,000 M²

P Project

CLEANROOM	ISO 4 TO 7 (CLASS 10 TO 10K)
SCOPE	Design & build GC: CSA, MEP, process utilities, chemical & gases system, waste treatment
DESCRIPTION	Progressive-built EPCM contract model for the client's advanced packaging facility

Semiconductor · Singapore

Design & build EPCM in Singapore since 2023.

PHOTOMASK FACILITY

Teksend Photomask

CLEANROOM	CLASS 1 TO CLASS 10K
SCOPE	EPCC for cleanroom, ACMV, electrical, process utility, BMS, PA, WWT, UPW, tool hookup
DESCRIPTION	Addition and alteration to an existing two-storey building with cleanroom facilities and ancillary office

PROGRESSIVE TOOL HOOKUP

Micron MSH Tool HU

SCOPE	Progressive tool hook up
DESCRIPTION	2,000 progressive tool hookup services for MSH

Data Centre

Hyperscale and colocation, 9.6 MW to 160 MW.

CLIENT CONFIDENTIAL · 160 MW

Hyperscale Data Centre

SCOPE Construction, completion, testing & commissioning for mechanical packages 1 & 2

DESCRIPTION Office, data halls and mechanical utility building

KUL03 PHASE 1 · 9.6 MW

Microsoft DTC-KUL 03

SCOPE PCC for CHW and CW piping works

DESCRIPTION 9.6 MW data centre

EV Battery · Europe

Dry rooms for the gigafactories: moisture control and contamination control at scale.

SKELLEFTEÅ, SWEDEN · 62,000 M²

Northvolt AB Gigafactory

ENVIRONMENT DRY ROOM

SCOPE Cleanroom and dry room architecture works

DESCRIPTION Europe gigafactory for lithium-ion battery manufacture

NORWAY · BATTERY COAST · 8,600 M²

Morrow Batteries

ENVIRONMENT DRY ROOM

SCOPE Cleanroom and dry room architectural system, ACMV

DESCRIPTION Norway's Battery Coast project

Semiconductor · Europe & Morocco

Following the fabs into Europe: advanced-node cleanrooms and progressive hookup.

CLIENT CONFIDENTIAL · WAFER FAB

28/22nm CMOS · 16/12nm FinFET Plant

CLEANROOM CLASS 1 TO CLASS 10K

SCOPE Cleanroom & mechanical general contractor

DESCRIPTION Design, supply, installation & commissioning of cleanroom facilities

CASABLANCA, MOROCCO · 60,000 M²

STMicroelectronics

CLEANROOM ISO 5 (CLASS 100)

SCOPE Cleanroom, mechanical, electrical, process utilities and hookup works

Semiconductor & Display · China

EPCC across semiconductor, display and precision manufacturing.

HANGZHOU · 23,400 M²

Ferrotec Semiconductor

CLEANROOM ISO 4 · 5 (CLASS 10 & 100)

SCOPE EPCC for cleanroom, mechanical, electrical and plumbing works and hookup

WUXI · 8,000 M²

Infineon Technologies

CLEANROOM ISO 5 (CLASS 100)

SCOPE EPCC for cleanroom, mechanical, electrical and plumbing works and hookup

Photovoltaics

Solar cell and module manufacturing, including toxic material and waste handling.

KULIM, MALAYSIA

First Solar Malaysia

SCOPE PCC for mechanical & electrical, KMW building; CSA and M&E for forming gas plant; M&E for SCO1

CHINA · 57,000 M²

Chint Solar Technology

CLEANROOM ISO 8 (CLASS 100K)

SCOPE Cleanroom system, ACMV, process utilities and tools hookup

Pharmaceutical & Medical

GMP grades and regulated environments, from parenteral facilities to medical device plants.

GREENFIELD · MEDICAL DEVICE

Insulet

CLEANROOM ISO 8 (CLASS 100K)

SCOPE Design and build mechanical, cleanroom & electrical package

PUCHONG, SELANGOR

Pharmaniaga

CLEANROOM ISO 5 · 7 · 8 (CLASS 100 · 10K · 100K)

SCOPE Cleanroom system and ACMV for a small volume parenteral facility

District Cooling & Energy

Plant, chillers and co-generation for urban and industrial energy.

GAS DISTRICT COOLING (M) SDN BHD

KLCC District Cooling Plant

DESCRIPTION LARGEST DISTRICT COOLING CENTRE IN MALAYSIA

SCOPE ACMV, electrical & instrumentation, fire protection, process utility, plumbing & sanitary, water treatment, CSA

PICC PLANT, PUTRAJAYA

GDC Putrajaya

SCOPE EPCC of plant electrification, chiller replacement and associated works at Gas District Cooling Putrajaya

Reference Index

A selection from 200+ completed projects. The full reference list is available on request.

MALAYSIA · SEMICONDUCTOR

XFAB Kuching 40K Expansion, 40,000 m²

SOITEC PR1A Expansion, 45,000 m²

Robert Bosch Testing Manufacturing Plant

Wafer Fab Facility & Expansion, FAB1E A/B

Texas Instruments, Melaka, 32,000 m²

Infineon Technologies, Melaka, Block 8

MEMC Ipoh, Class 1 cleanroom

STMicroelectronics, Johor

Western Digital (M), Petaling Jaya

WD Media (M), Penang, MA 28 & MA 29

03

Safety, Quality & ESG

SECTIONS 03.1 TO 03.4

Highwire Gold safety award

ISO 45001:2018 occupational health & safety

20 tons per annum carbon footprint reduction

ESG Commitments

Three pillars, applied to operations and to every project we take on.

E

Environmental Responsibility

Minimising environmental footprint through sustainable design and construction. Energy-efficient solutions and eco-friendly technologies, prioritised at design stage.

S

Social Accountability

The well-being and safety of employees and communities first. A diverse, inclusive work environment and ethical labour practices.

G

Corporate Governance

Transparency, accountability and ethical decision-making, with the highest standards of compliance, building trust with clients, partners and stakeholders.

Safety & Recognition

How our standards are independently verified and recognised.

Judged on the things that actually matter.

MCIEA award recipients are evaluated across company performance, project management, technical expertise, innovation, quality, safety and sustainability. The same criteria our clients audit us against.

Builder of the Year 2024

Malaysian Construction Industry Excellence Awards (MCIEA), awarded by CIDB.

Highwire Gold

Gold-rated contractor safety performance.

ISO 45001:2018

Occupational health and safety management, certified by Intertek.

Closing

Your Total Facility Solutions Provider.

We infuse safety, quality, efficiency and excellence into every project.

From engineering design and project management to construction and maintenance, across semiconductor manufacturing, clean energy and every environment in between. IAQ is your trusted partner for total facility solutions.
